

## Our explorē line of HD handheld and portable devices

### explorē 5

The magnifier of choice to take anywhere you go

- Magnification up to 22X
- 5-inch screen
- Folding handle, stand

The perfect device to use on the go or at home delivers sharp and clear images.

With its large tactile buttons, this device is suitable for magnifying restaurant menus, newspapers, tags, or even airline tickets.

### explorē 8

Combining portability and increased magnification

- Magnification up to 30X
- 8-inch touchscreen
- Built-in tabletop stand

Features two cameras: one for reading documents, the other for clearly seeing street and store signs from a distance.

Users can even take pictures and save their favorite images for later viewing on a large screen.

### explorē 12

The ideal companion for your active lifestyle

- Magnification up to 30X
- 12-inch touchscreen
- Tabletop and folding stand

The largest of our explorē series, this portable tablet-sized magnifier allows users to continue their daily activities like reading, writing, or viewing photos and maps to maintain independence or productivity in any environment.
